

ATERRA Retains Research Capital for Capital Markets Services

NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR DISSEMINATION IN THE UNITED STATES

Toronto, Ontario, **March 26, 2026** - **ATERRA Metals Inc. (CSE:ATC; OTCQB:CSSCF) ("ATERRA")** is pleased to announce that it has engaged Research Capital Corporation ("RCC") as a financial advisor to provide general capital markets services, including strategic corporate planning, market intelligence, and general advisory services, for a term of 3 months (the "Term").

In consideration of its engagement, ATERRA has agreed to issue to RCC a total of 5,750,000 common shares, subject to the approval of the Canadian Securities Exchange, to be paid in 3 monthly tranches: (a) 1,916,666 common shares at the end of the first month of the Term; (b) 1,916,667 common shares at the end of the second month of the Term; and (c) 1,916,667 common shares at the end of the third month of the Term. The common shares issued to RCC will be subject to a statutory restriction period of four months and one day from their respective date of issue.

About ATERRA Metals Inc.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This news release contains forward-looking statements, including predictions, projections and forecasts. Forward-looking statements include, but are not limited to: plans for the evaluation of exploration properties; the success of evaluation plans; the success of exploration activities; mine development prospects; and, potential for future metals production. Often, but not always, forward-looking statements can be identified by the use of words such as "plans", "planning", "expects" or "does not expect", "focus is to", "continues", "scheduled", "estimates", "forecasts", "objectives", "intends", "potential", "anticipates", "does not anticipate", or describes a "goal", or variation of such words and phrases or state that certain actions, events or results "may", "could", "would", "might", or "will" be taken, occur or be achieved.

Forward-looking statements involve known and unknown risks, future events, conditions, uncertainties and other factors which may cause the actual results, performance or achievements to be materially different from any future results, prediction, projection, forecast, performance or achievements expressed or implied by the forward-looking statements. Such factors include, among others: receipt of necessary stock exchange approvals; changes in economic parameters and assumptions; all aspects related to the timing of exploration activities and receipt of exploration results; the interpretation and actual results of current exploration activities; changes in project or exploration parameters as plans continue to be refined; the results of regulatory and permitting processes; future metals price; possible variations in grade or recovery

rates; failure of equipment or processes to operate as anticipated; labour disputes and other risks of the mining industry; the results of economic and technical studies; delays in obtaining governmental approvals or financing or in the completion of exploration; as well as those factors disclosed in ATERRA's publicly filed documents.

Although ATERRA has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.

Neither the Canadian Securities Exchange nor its regulation services provider has reviewed or accepts responsibility for the adequacy or accuracy of the content of this news release.
